Instructions: For each category place an X in the appropriate numerical box 1 through 10. If a category is unknown then leave the box blank. Add up all the boxes for a total value and then divide by the number of categories selected to achieve the score percent.

The highest possible total score is 100%, For detailers, engineers; non-destructive technicians attach the required personnel qualifications. For Subcontractors & Fabricators, points must be given for "In house Quality Program". If the combined total score is less than 60% the entity being evaluated shall not be used.

Score: ≤60% Unsatisfactory; 61-70% needs improvement; 71-85% Satisfactory; 86-100 Excellent

Comments:

Premier Components we had 36 Po's in 2017 and no returns. Deliveries were on time, as confirmed. Good customer service and follow up.

Please review the evaluation for 2017 and respond with 7 working days from the date received of the evaluation with any disagreements and or comments on your evaluation.

Thanks for your help and look forward to 2018!
