

## UHMW TELESCOPING SPOUTS

Custom-made UHMW Spouts  
Available in round, square,  
square to round and rectangular shapes  
Lightweight (1/3 weight of steel)  
Last 3 to 4 times longer than steel  
Reduces dust

Ideal for grain elevators, feed mills and fertilizer plants

## UHMW AUGER FLIGHT FACING

Abrasion resistant, low friction one pitch segment  
Extends past helicoil for better cleanout  
Reduces caking and material hangup  
Heat formed to fit  
Attaches with bolts, rivets or self tapping screws  
Available in food grade white, acid resistant

## UHMW U-TROUGH LINERS

Preformed to size  
Predrilled and beveled for immediate installation  
Quieter operation  
Reduces wear costs  
Lightweight for easy handling

## TACK WELD ON BRUSH EDGING

Formed steel channel with nylon brush supplied to customer specified lengths  
Provided in coil form or supplied in straight lengths.  
Extremely easy clip-on installation for saving edges on new flighting or  
repairing worn edges to better than new  
Provides superior clean out to solid edged flighting  
Low friction operation is gentle on peas and pulses resulting in less damage

## UHMW-PE DRAG CONVEYOR FLIGHTS, RETURN ROLLERS & RETURN SPROCKETS

Strong - will not break  
Abrasion resistant - out lasts other material  
Flexible but returns to original shape  
Chemical resistant - won't rust or corrode  
Sanitary - USDA/FDA approved  
Economical  
Resistant to heat and cold  
Moisture resistant - prevents clogging  
Self-lubricating
