

LevALERT Indicator senses the weight of material and changes to a bright "Yellow" color. When the level exceeds the indicator automatically changes back to a "Black" color.

Highly visible: Can easily be seen from over 300 feet during the day and reflective for night use.

Easy Installation: Install completely from outside of bin thru 1-1/8" diameter hole.

No Electricity required: Completely mechanical in operation (optional electrical switch available)

Operates efficiently at temperatures ranging between +180°F (82°C) to -30°F (-35°C)

LevALERT Indicator can sense almost any granular material weighing between 15-100 lbs./cubic foot (240-1,600 Kg/cu. M)

Wear resistant teflon coated fabric will give you years of problem free usage!

Typical uses include: agricultural grains and feeds, plastic pellets, fertilizer, minerals, various powders, sand, etc. ... just about anything you'd store in a bin.

Mechanical Operation. Automatic Reset. Optional electrical switch capable. Highly visible over 400 feet. Reflective for night time use. Easy to install through one 1 1/8" diameter hole. Fits any corrugated or flat wall surface. 5 year limited warranty. Made in USA.

NEW Model 9700

2x larger than Model 760

shown with optional magnetic sensor

Model 760

shown with optional magnetic sensor

Model 760 Weight Range 15-70 lbs/ft³

Ideal for high shear load applications and use with grain spreaders

NEW LevALERT Model 9700 ⬠

3 Different Activators to choose from to meet the needs of the granular material you are storing.

Model 9700-7: Use the 7" model for light weight materials such as Oats, Sunflowers, Ground Feeds, Grass Seeds. Weight range 10-55 lbs/ft³

Model 9700-6: Use the 6" model for medium weight materials such as Wheat, Corn, Soybeans, Rice, Canola & Pellets. Weight range 30-85 lbs/ft³

Model 9700-5: Use the 5" model for use with heavy weight materials such as Sands, Powders, Salts and Fertilizers. Weight range 50-100 lbs/ft³

LevALERT Model 760

Optional Electrical Sensor for Model 760

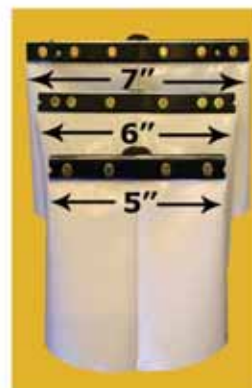

Magnetic Sensor 59065-952 ⬠

Relay Socket AC-120 ⬠

Micro-switch/Relay Kit for Model

9700

(part# 10450)

Optional Micro-switch/Relay Kit (part# 10450) For Model 9700

Simple Installation. Install from outside of bin - no bin entry required. Simply drill a 1 1/4" hole and insert two screws.
