

# Erosion Resistance Comparison

[www.premier-com.com](http://www.premier-com.com) 1-877-681-3064

Relative Erosion Resistance

The erosion resistance of each material was obtained through internal testing, and is to be used as a comparison reference only. This comparison is intended to illustrate the typical properties of various materials, and is not to be construed as absolute engineering data or constituting a warranty or representation for which Premier Components Inc. assumes legal responsibility.
